DOCUMENT CONTROL

Mr. Kenneth C. Sundlof, Esq

Dear Ken:

Just this past Tuesday, May 25th, 2004, Jim and I received a copy of the contract that is in the process of being negotiated between SRP and Rancho Cimarron. Ken Countryman, an attorney, who lives in our development on Saratoga off of Val Vista is representing the HOA and does not represent Jim and myself.

- 1) Upon reading the new est mitigation contract regarding the San Tan power plant on Warner Road, we learned that SRP has placed a deadline of June 4th on it.
- 2) There was never any deadline for completion of this document when we negotiated and received an offer of \$50,000 in additional funds for trees to mitigate our homes from the power plant on the North Side of Warner Road in our development.
- 3) Jim and I wish to do our best for this community. This has always been the case.
- 4) Since reading this contract, we have come to realize we must also seek counsel for ourselves and need additional time to do so.
- 5) Thus, we are requesting an extension of the June 4th date to July 1st.
- 6) If we can receive counsel prior to that time, we will notify all parties as to our position.

We apologize if there is any inconvenience and sincerely appreciate your acceptance of our request.
